# Get Ready for Adventures as Limitless

From the moment when man first looked at the moon and thought, "I wonder..." to the recent launch of John Glenn, space exploration has represented humankind's power to dream—and make those dreams come real.

In that same way, LEGO toys give your child the power to dream of adventure and make it happen. To think something up and make it real. To imagine and bring that imagination to life.

In fact, imagination is what LEGO is all about. On these pages you'll find over 200 creative building sets that take your child from deep space to the bottom of the sea. With all these possibilities, just imagine what your child can create!

As you browse these pages with your child, be sure to check out our all-new categories:

- Star Wars — Reserve your set today! See page 6-7.
- Jungle — Take off on the latest and greatest trek with the Adventurers! See pages 8-9.
- Throwbots — Collect 'em, build 'em, and battle it out with your buddies! See pages 40-41.

Go ahead, set your child's imagination free. Unleash the world of possibilities. What your child creates just may be out of this world!

## We have lift-off!

Now that the space shuttle is safely orbiting the earth, the astronaut aboard the shuttle prepares to release a communications satellite. The flexible Canadian arm helps hold the satellite in place so the astronaut can work on it before the release. Back at the launch pad, workers return the shuttle transporter to storage until the next launch. Launch pad also includes radar dish, tools, video surveillance, fuel stand and lab. Comes with one astronaut and three workers. Requires 2AA batteries to activate lights and sound (not included). Ages 8-12. 478 pieces. #6456 Mission Control \$88.00

# **CLASSIC TOYS**

## for Infants to Preschoolers

## A. ALL ABOARD!

At a certain stage children learn that they have the power to make things react to their touch. Your young engineer will just love making the train run and stop, go backwards and automatically change direction. The battery powered Cargo Train can go everywhere — it runs on the track and directly on the floor. Plus, unlike ordinary toy trains, your child builds both locomotive and wagons and then can redesign them his or her own way. It's a toy that stays fresh, a new adventure each time.

Ages 3-6 88 pieces

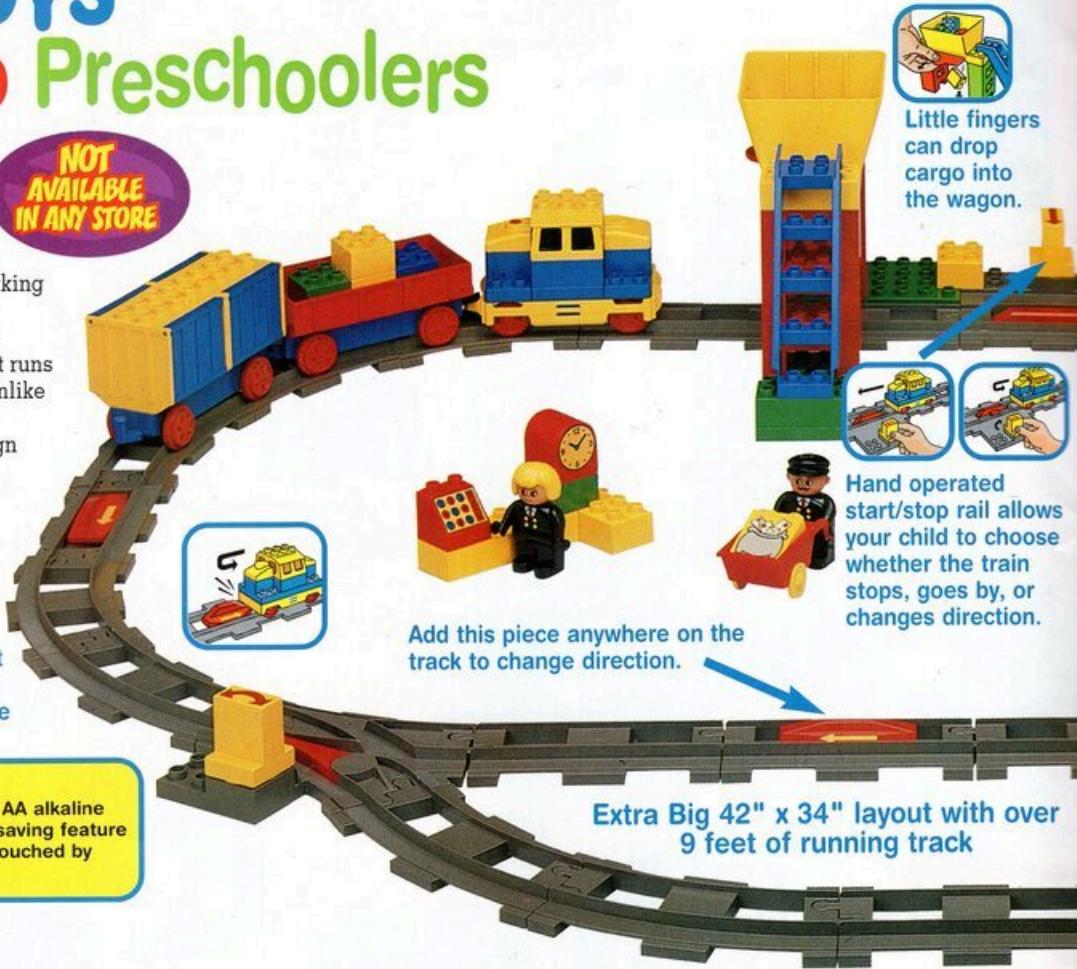

#2745 Deluxe LEGO DUPLO Battery Cargo Train \$109.00

# BUILD AND PROGRAM YOUR OWN LEGO ROBOTS

THE CLOCK

INTRUDER ALARM

PHOTOBOT

(Instant camera sold separately)

## A. Enter a world where you make the rules!

Because step-by-step instructions are not included, you're free to build whatever you want, however you want. The key to this awesome new invention system is the revolutionary LEGO RCX, a programmable microcomputer that acts as the brain of your robotic inventions. PC, monitor, one 9-volt battery and six AA batteries required, but not included. Ages 11+. #9719 Robotics Invention System \$229.00

Minimum System Requirements: Windows95 Pentium 90MHz with 16MB RAM, 50MB hard disk space, available 9-pin serial port for infrared transmitter, Sound Blaster 16™, 4X CD-ROM, VGA, plus 28.8 KBPS modem and Internet Browser optional.

### INFRARED COMMUNICATIONS PORT

Lets your RCX talk with your PC or other RCX units.

### LIGHT SENSOR

### TOUCH SENSOR

### TOUCH SENSOR

### LCD DISPLAY PANEL

### HIGH-EFFICIENCY MOTORS

The RCX is a programmable microcomputer that acts as the brain of your robotic inventions.

Using your PC and the RCX you can control the behavior of an infinite number of robotic inventions - from a light-sensitive intruder alarm to an undercover robot that can follow a trail, move around obstacles, even duck in dark corners.

## HOW IT WORKS! BRAINSTORM

Get your mind in gear using the Interactive Training Missions and Challenges on the CD-ROM software, LEGO MINDSTORMS website and most importantly, your imagination.

### BUILD

Bring your idea to life by attaching sensors, motors and gears to your RCX.

### PROGRAM

Use your PC and the LEGO MINDSTORMS CD-ROM software to create a program that lets your invention think and act on its own.

### DOWN LOAD

With the click of a mouse, instantly download your program from your PC to your RCX using the infrared transmitter. (Requires a 9-pin serial port on your PC.)

### ACTIVATE

Your robotic invention is ready for action. Let it loose and watch it take on a life of its own!

### Set Includes:

- RCX Microcomputer
- CD-ROM Software
- 727 pieces, including:
  - 2 Motors
  - 2 Touch Sensors
  - 1 Light Sensor
  - Constructopedia
  - 12 Guided Challenges
  - Infrared Transmitter
